

# Your visit to the Randall Museum

RANDALL  
MUSEUM

Are you excited?

---

Do you know what you'll be learning about?

---

Here are a few questions to get you started thinking.

## Science of Sound

1. Sound is invisible, or is it?

---

2. How does a sound happen?

---

3. What is matter and does it matter to sound?

---

4. How we hear depends on many things. Can you think of one?

---

5. Think about how sound becomes music?

---

If you don't know the answers to these questions- not to worry. We'll help you when you visit The Randall.

What's my goal for this field trip? (Having fun, for sure!)

*My Goal*
