

FUN FACT

Why do we call the bees in these games "she"? Because all the worker bees in the hive, the ones who change jobs, are female. The male bees only have one job, to mate with the queens of other hives.

BABY BEE CLEAN UP

You are a brand new baby bee. The first task a brand new baby bee has is to clean out her cell so that the queen can come along again and lay a new egg in a sparkling clean cell. Your room or where you sleep is your cell. How quickly can you make your cell sparkling clean for the queen bee? Race against other family members. Set a timer and see if you can beat your record. Could be done in any room or with a pile of pillows on the floor. Any place you want to clean up or just have fun.
