ROACH RUN

Did you know that when cockroaches run at full speed, they rear up on their hind legs like human sprinters?

HOW FAST CAN YOU RUN?
Find a space that is good for running. Designate a starting line and a finish line.
Get a timer.
Roaches are particularly fast starters!
When the starter says "Go," start as fast as you can.
Race each other.
Set a timer and time your run. Race the clock to see if you can break your own time!
Write down your fastest time on your score sheet.
The fastest time wins the gold!
"Get Ready! Get Set! Go!"
